## SUMMARY

I am a recent B.Tech graduate in Computer Science and Engineering with a strong interest in US IT recruitment. My technical background enables me to understand client requirements and assess candidates effectively. I bring excellent communication skills, attention to detail, and a proactive approach to managing recruitment cycles and building strong professional relationships. I am eager to apply my skills and passion to contribute to the success of a dynamic recruitment team.

---

## WORK EXPERIENCE

July 2023 - August 2023

### XopunTech, Guwahati (Student Intern)

- Learned about Core Java, Spring Boot, Spring MVC, Spring Security, REST APIs.
- Created a project in which I developed a Spring Boot application to send emails by extracting user details of the sender from MySQL Workbench.

### Cognifyz Technologies (Virtual Internship)

Oct 2023 - Nov 2023

- Created a CSS-based image gallery with clickable thumbnails and an HTML/CSS slideshow.
- Designed a landing page for internship opportunities, including a clear headline, program overview, highlights, qualifications, Call to action button, and contact information.

---

## PROJECTS

### Wall Climbing RC Car using Android App

Oct 2023 - Dec 2023

- Build an RC car with camera integration using IOT components that can safely go to remote places, making it easier and safer to keep an eye on things and remotely monitor hazardous conditions. Android application was made using Java to control the RC Car.

### Student Management System

Sept 2023 - Oct 2023

- Build a simple Student Management System web application using Spring Boot, Spring MVC, Thymeleaf, Spring Data JPA, and MySQL database.

### QR Code Attendance Tracker Android App

March 2023 - June 2023

- Simplifying Attendance Management for Students and teachers. This project aims to use an Android app that utilizes QR code technology to take attendance, with separate profiles for students and teachers. This platform was build using Kotlin, PHP, SQL, phpMyAdmin.

---

## EDUCATION

### Dhemaji Engineering College

2020 - 2024

Bachelor of Technology in Computer Science & Engineering

---

## TECHNICAL SKILLS

Data Structures and Algorithms, Android App Development, Frontend Development, SpringBoot Framework, REST APIs. Programming language - Java. Also familiar with - C, Python

---

## ACHIEVEMENTS

### Digital Poster Making Competition

Got a Consolation prize in Digital Poster making organized by ASTU University in 2021.

### HackVita Hackathon

Participated in the HackVita 2023 event at Jorhat Engineering College and were selected as one of the 13 finalists.
